2018	U20	7	Stephen MacKenzie	Long Jump	2835

NOTES

The SATS Challenge Rankings rank Scottish athletes based on the SATS Performance Tables on this website. The ranking scores approximate to 1200 points for the equivalent of a World Championship qualifying standard to 600 points for the equivalent of a Power of 10 Top 10 position at Under-15 level.

The Challenge Rankings are made up of an athlete's top 3 performance scores in the 2014 outdoor season along with bonus points for performances at the Commonwealth Games, European Championships, British Championships and Scottish Championships.

The following rankings cover track and field athletics only. Indoor performances and Road performances are not included.
